She briefly reviewed with trustees the two proposals being recommended for funding. Following discussion, a motion was made by Steven Crawford, seconded by Phil Berkenbile and adopted by unanimous vote to approve $5,000 Sustaining Phase II grants to Vinita Will Rogers Elementary and Wanette Elementary.

Evaluation of 2008 Phase II Grants to Schools – Gloria Hamlin presented evaluation findings of 2008 Phase II grants which impacted 613 teachers and 8,384 students. Geographically, there were three schools each from the northwest and southwest quadrants of the state; four from the northeast, three from southeastern Oklahoma, and five in the OKC metro area. She discussed the rubric used for evaluation that included three site visits and field notes providing qualitative data as well as pre and post surveys providing quantitative data. She stated that 15 of the 18 schools exceeded expectations, and there were no schools that failed to meet expectations. She reviewed with trustees the evaluation tools and criteria, specific observations at various sites, and shared anecdotal information related to progress and successes identified in the evaluation process. The K20 staff reported that longitudinally the majority of OETT grant schools continue to see increases in API scores.
Finance/Investment Committee – Bob Stafford, Chair, reported that the February Finance Investment Committee meeting had been cancelled due to lack of a quorum. Stafford asked the FMI and BancFirst teams to present financial and investment reports.

A motion was made by Phil Berkenbile, seconded by Jeff Mills, and adopted by unanimous vote to accept the financial and investment reports.

2010 Spending Policy: Frank Merrick reviewed with trustees the Projected Granting Cycle Through 2012 spreadsheet stating that the current projections indicate that OETT will exceed the targeted five percent distribution and reported that the Finance/Investment Committee has expressed concern related to working the trust assets too hard especially when there are large market swings impacting those assets. Following discussion a motion was made by Bob Stafford, seconded by Phil Berkenbile, amended by John Wright and adopted by unanimous vote to adopt the 2010 spending policy presented and award 13 Phase II Grants to Schools and 2 Sustaining Phase II Grants in 2010. She reported that applying schools are required to have attended K20 Phase I or include that training in their budgets. Scott Charlson, reporting for Phase II stated that some of the Phase II equipment in school grants is now technology that is being sent home with students – greatly increasing student access to OETT technology. He also reported that the 2010 Innovative Learning Institute date has been scheduled for November 4th.

New Business: Frank Merrick recommended that the trustees consider a board retreat in the 4th quarter or 2011 or first quarter of 2011 to provide extended time for trustees to review their grantmaking and set priorities for coming years. January 2011 was suggested by trustees as a target date.

John Wright requested consideration of a change in the May meeting schedule. Following discussion the May meeting was changed to May 7th at 1 p.m.
